

# Locators ESPN Emilio Navarro

Main Page [https://www.espnqa.com/?\\_adblock=true&src=com](https://www.espnqa.com/?_adblock=true&src=com)

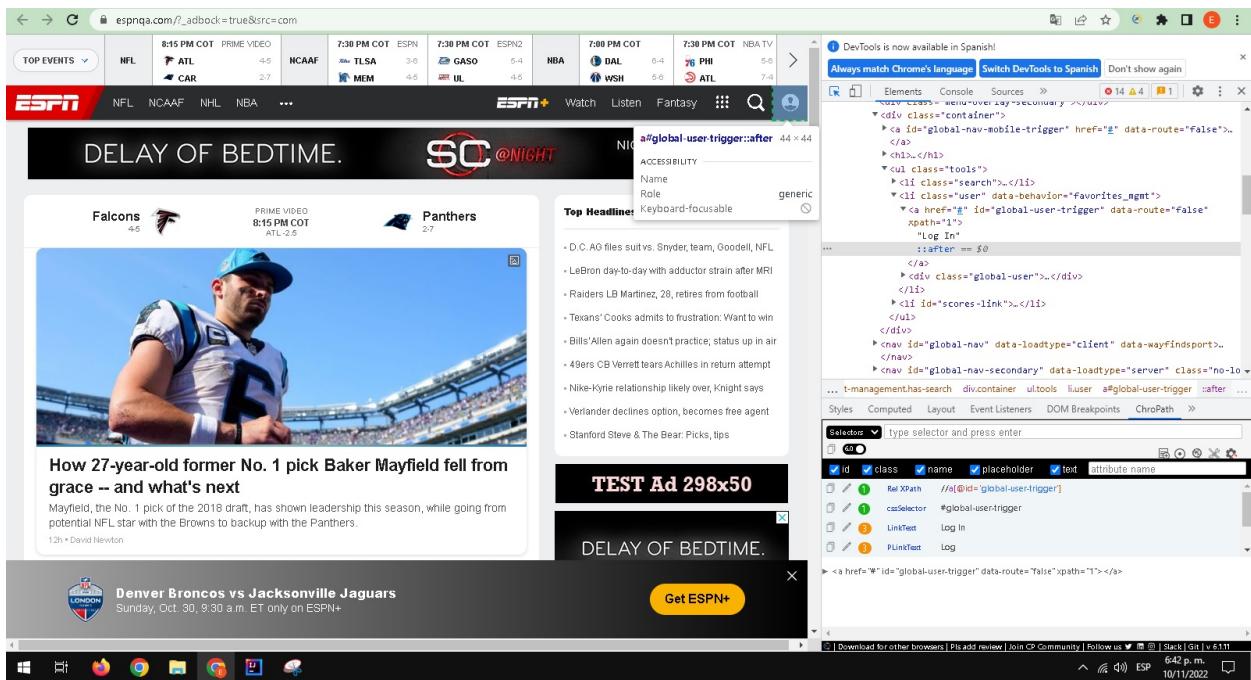

The screenshot shows the ESPN website's main page. At the top, there's a navigation bar with links for NFL, NCAAF, NHL, NBA, MLB, Soccer, and other categories like TOP EVENTS, PRIME VIDEO, and STREAMING LIVE. Below the navigation is a banner for "SC @NIGHT" with the text "DELAY OF BEDTIME." and "NIGHTLY 11PM 12AM 1AM/ET". The main content area features a large image of Baker Mayfield in a Panthers jersey. To the left is a sidebar with quick links for UFC 281, PGA TOUR LIVE, NHL Select Games, Men's College Hoops, Women's College Hoops, and Fantasy Football. To the right is a "Top Headlines" section with several news items. At the bottom, there's a banner for "Denver Broncos vs Jacksonville Jaguars" and a "Get ESPN+" button.

## Login

User icon btn

Element : `<a href="#" id="global-user-trigger" data-route="false" xpath="1">Log In</a>`

Selector: - li a[@id='global-user-trigger']

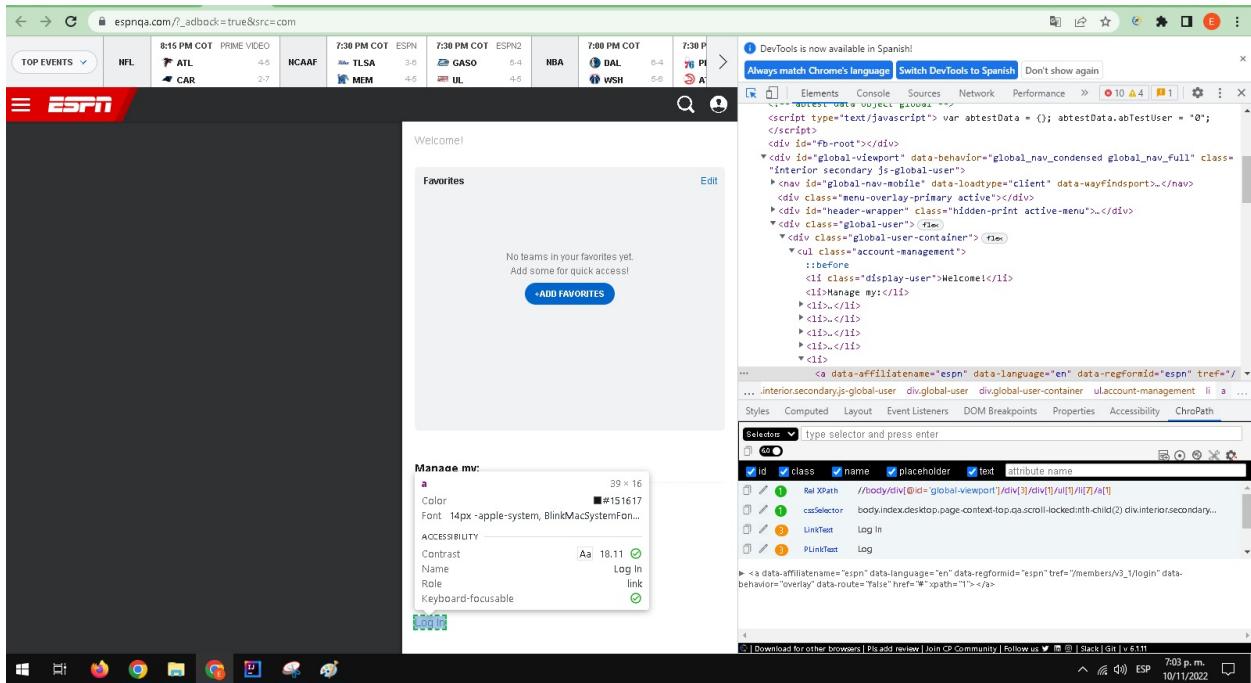

## Login btn

Element: <a data-affiliatename="espn" data-language="en" data-regformid="espn" href="/members/v3\_1/login" data-behavior="overlay" data-route="false" href="#" data-xpath="1">Log In</a>

Selector: #global-viewport > div.global-user > div > ul.account-management > li:nth-child(7) > a

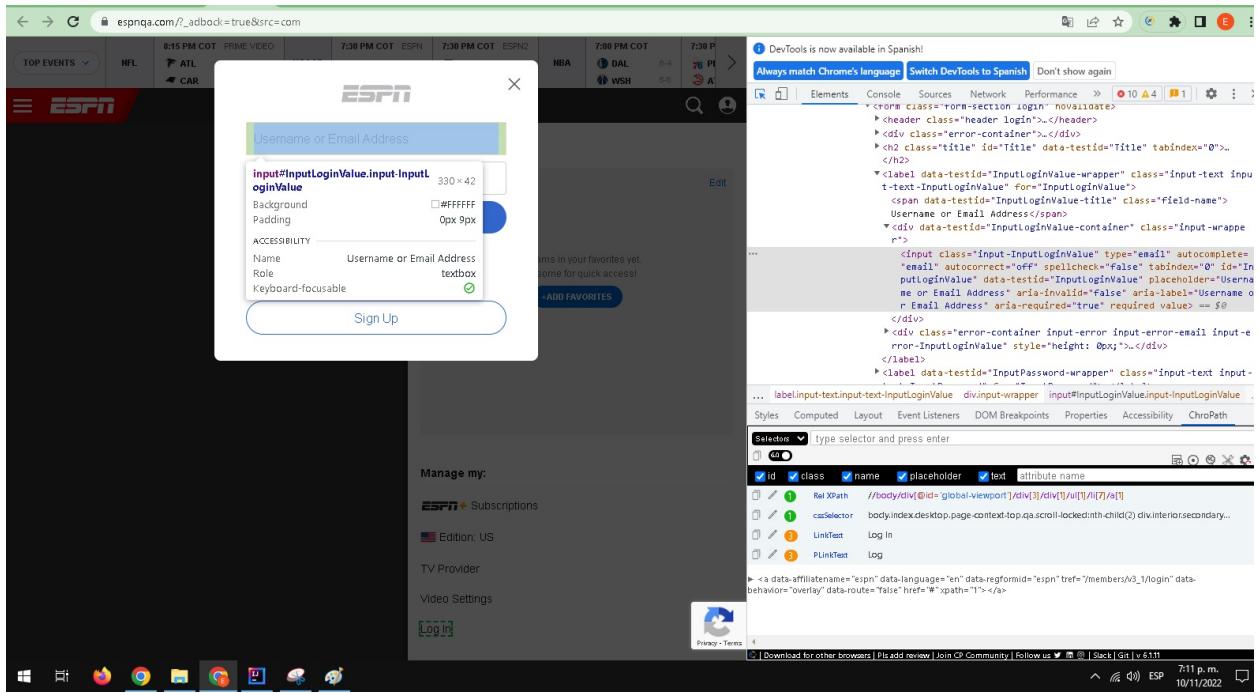

Rel Xpath: //body/div[@id='global-viewport']/div[3]/div[1]/ul[1]/li[7]/a[1]

## Login input email

Element: <input class="input-InputLoginValue" type="email" autocomplete="email" autocorrect="off" spellcheck="false" tabindex="0" id="InputLoginValue" data-testid="InputLoginValue" placeholder="Username or Email Address" aria-invalid="false" aria-label="Username or Email Address" aria-required="true" required="" value="">

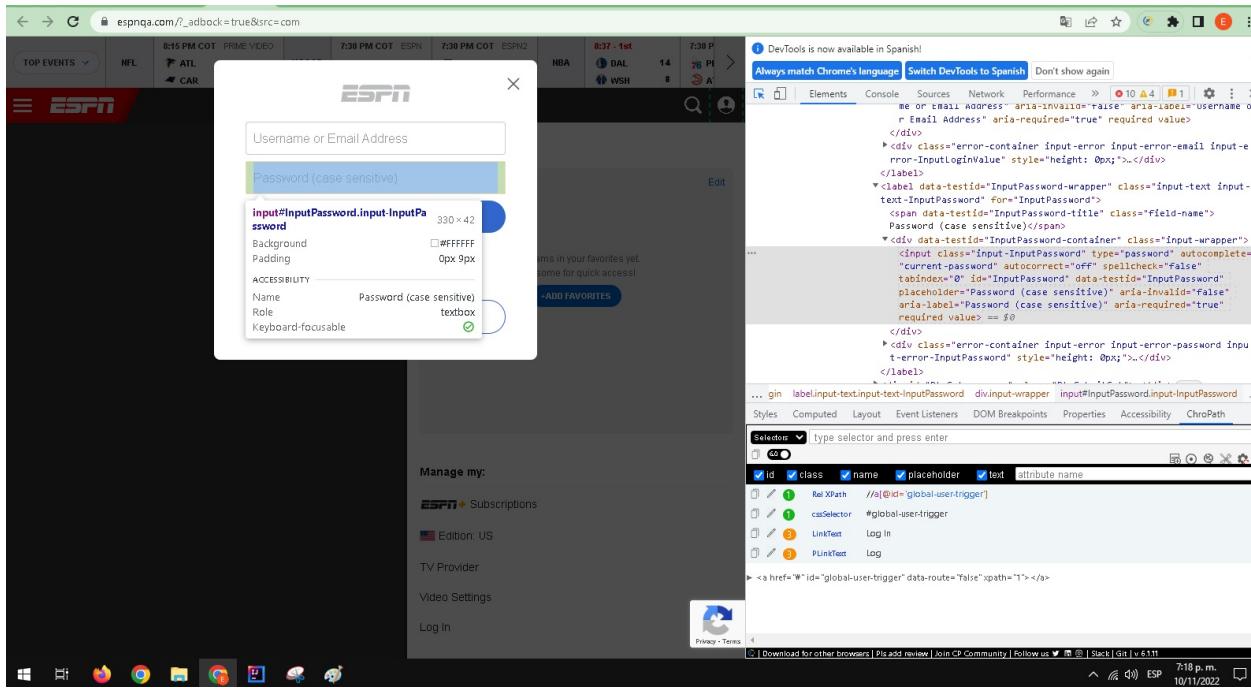

Selector: #InputLoginValue

## Login input password (case sensitive)

Element: <input class="input-InputPassword" type="password" autocomplete="current-password" autocorrect="off" spellcheck="false" tabindex="0" id="InputPassword" data-testid="InputPassword" placeholder="Password (case sensitive)" aria-invalid="false" aria-label="Password (case sensitive)" aria-required="true" required="" value="">

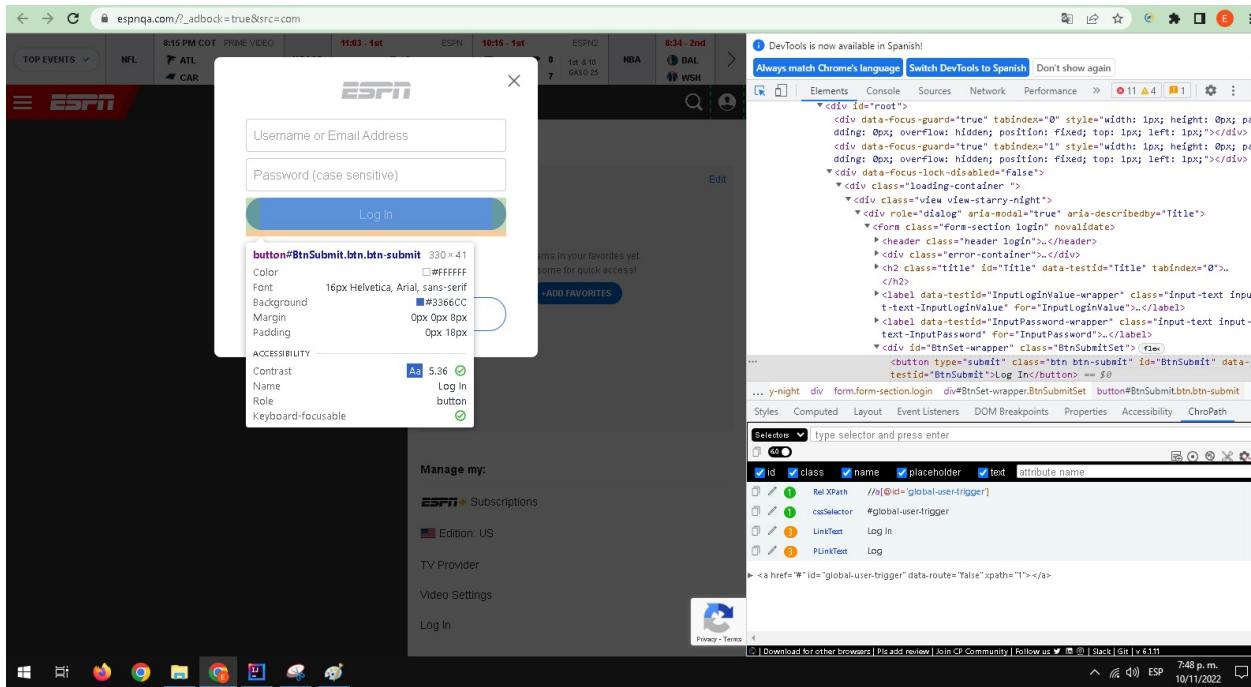

Selector: #InputPassword

## Login enter account btn

Element: <button type="submit" class="btn btn-submit" id="BtnSubmit" data-testid="BtnSubmit">Log In</button>

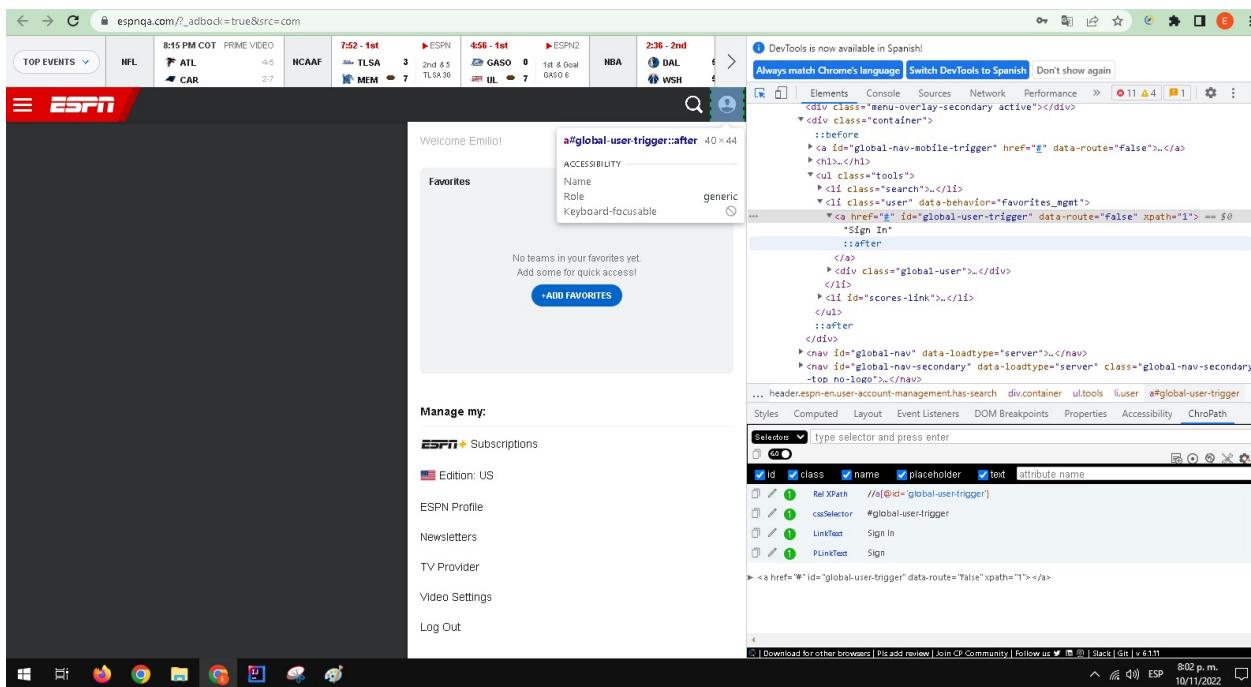

Selector: #BtnSubmit

Login user icon btn to check log in

Element: <a href="#" id="global-user-trigger" data-route="false" xpath="1">Sign In</a>

Selector: #global-user-trigger

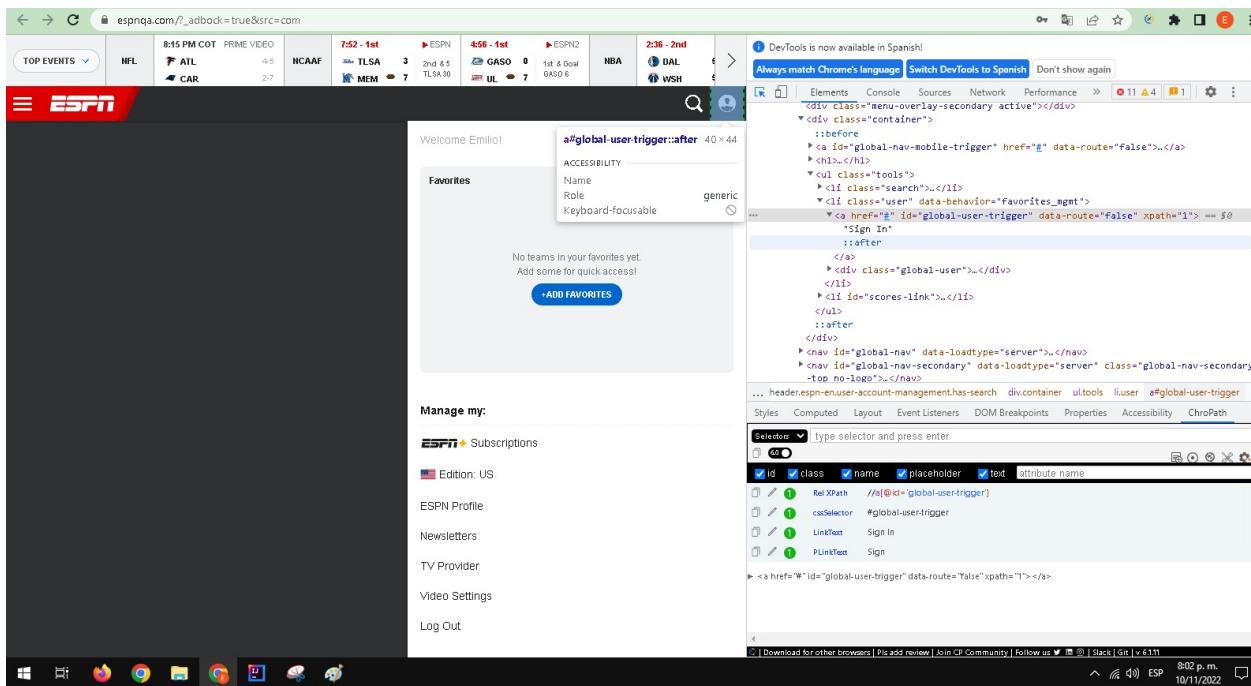

# Logout

User icon btn to check log in

Element: <a href="#" id="global-user-trigger" data-route="false" xpath="1">Sign In</a>

Selector: #global-user-trigger

Logout btn

Element:<a onclick="javascript:espn.memberservices.logout();return false;" href="#" class="small" xpath="1">Log Out</a>

Selector: #global-viewport > div.global-user > div > ul.account-management > li:nth-child(9) > a

The screenshot shows the ESPN homepage with the developer tools DevTools open. The left pane displays the page structure, and the right pane shows the element details. A specific element, the 'Logout' button, is highlighted in the left pane. The right pane shows the element's CSS selector as '#global-user-trigger' and its XPath as '#global-user-trigger'. The status bar at the bottom indicates the date and time as 10/11/2022, 8:15 p.m.

## Logout user icon btn check

Element: <a href="#" id="global-user-trigger" data-route="false" xpath="1">Log In</a>

Selector: #global-user-trigger

The screenshot shows the ESPN homepage with the developer tools DevTools open. The left pane displays the page structure, and the right pane shows the element details. A specific element, the 'Logout' button, is highlighted in the left pane. The right pane shows the element's CSS selector as '#global-user-trigger' and its XPath as '#global-user-trigger'. The status bar at the bottom indicates the date and time as 10/11/2022, 8:22 p.m.

## Deactivate

Deactivate ESPN profile btn

Element: <a href="/members/v3\_1/modifyAccount" data-language="en" data-behavior="overlay" xpath="1">ESPN Profile</a>

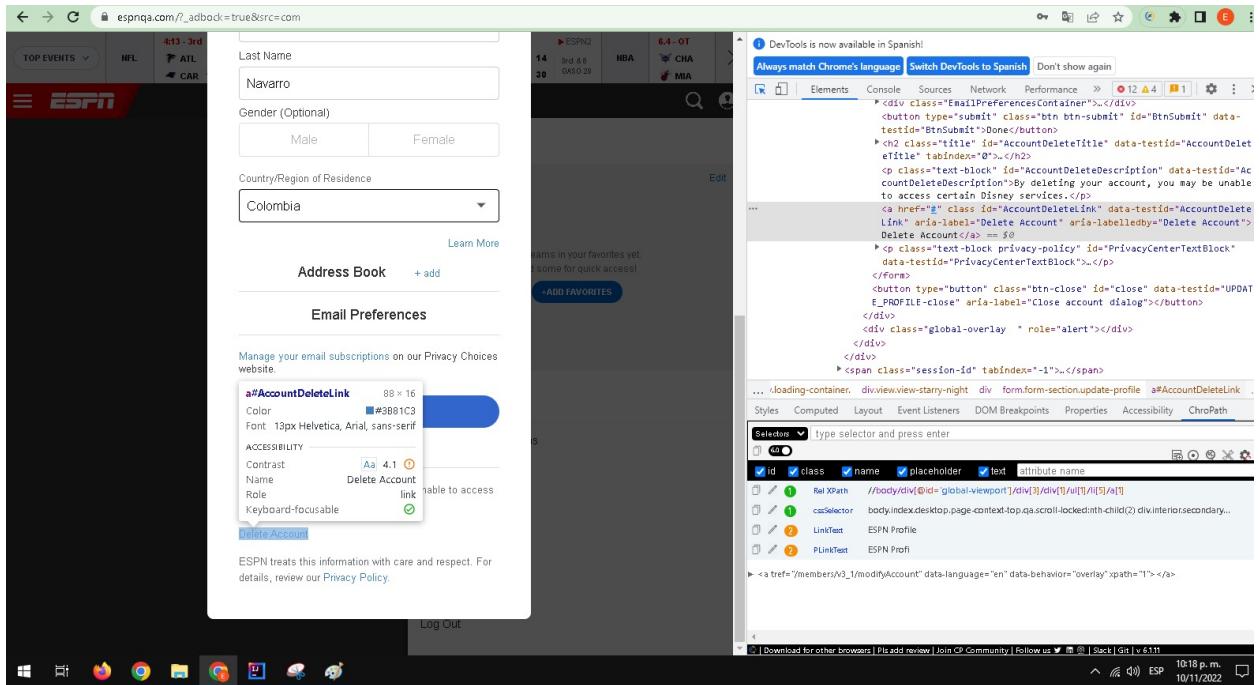

Selector: #global-viewport > div.global-user > div > ul.account-management > li:nth-child(5) > a

The screenshot shows the ESPN website with the DevTools developer console open. The DevTools interface includes tabs for Elements, Network, and Performance, along with various developer tools like Timeline and CPU Profiler. The Elements tab shows the DOM structure of the page, highlighting the element for the 'ESPN Profile' button. The selector used is '#global-viewport > div.global-user > div > ul.account-management > li:nth-child(5) > a'. The element is located within the account-management menu, specifically the fifth item. The DevTools also shows the network and performance monitoring tools at the bottom.

Delete account btn

Element: <a href="#" class="" id="AccountDeleteLink" data-testid="AccountDeleteLink" aria-label="Delete Account" aria-labelledby="Delete Account">Delete Account</a>

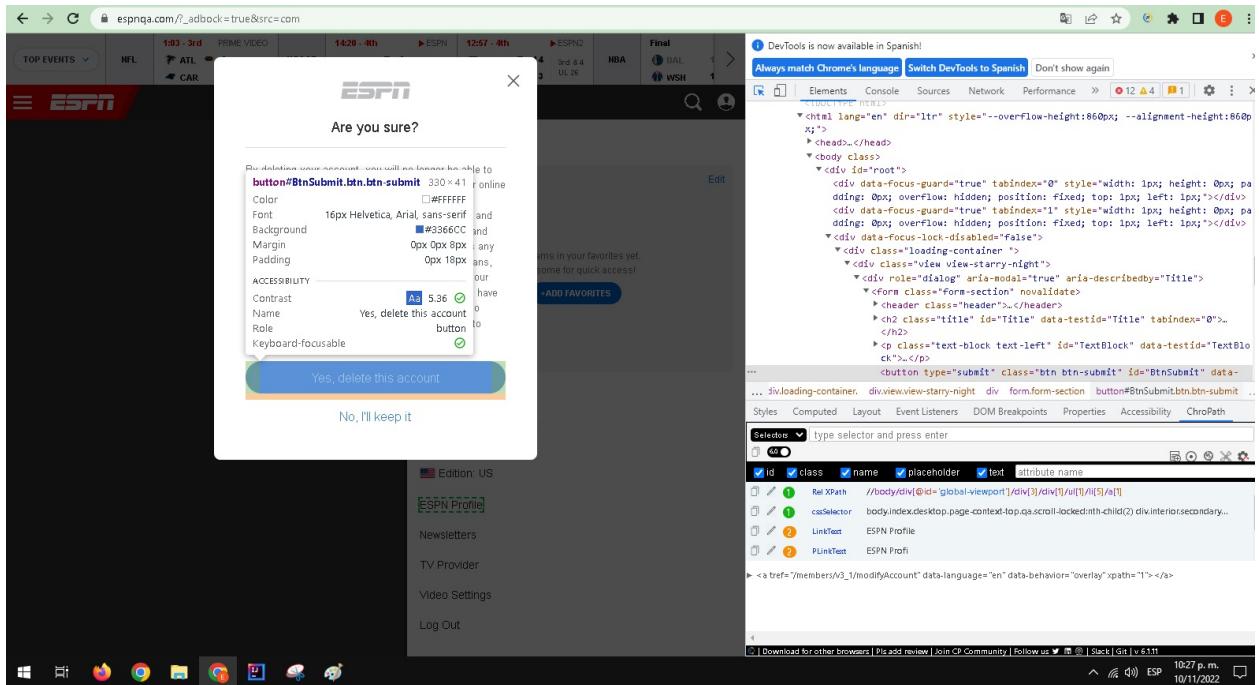

Selector: #AccountDeleteLink

## Confirmation delete btn

Element: <button type="submit" class="btn btn-submit" id="BtnSubmit" data-testid="BtnSubmit">Yes, delete this account</button>

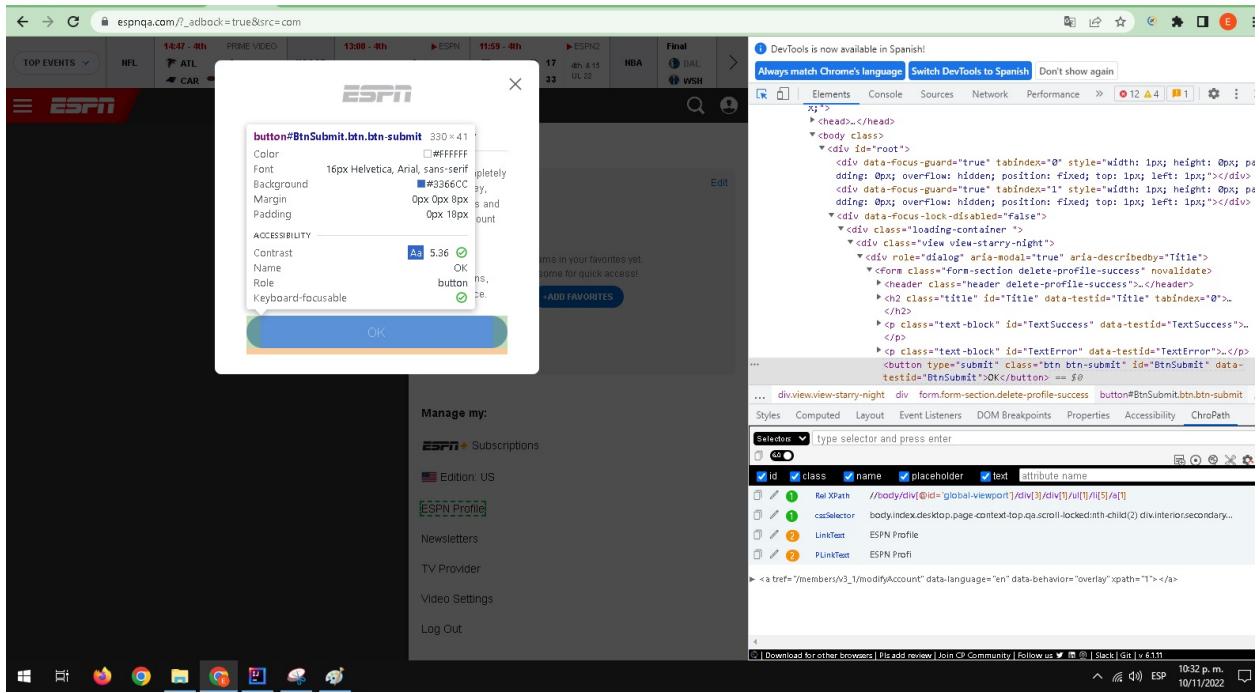

Selector: #BtnSubmit

OK delete btn

Element: <button type="submit" class="btn btn-submit" id="BtnSubmit" data-testid="BtnSubmit">OK</button>

Selector: #BtnSubmit

## Account deactivated message

Element: <form class="form-section account-deleted-gating" novalidate=""><header class="header account-deleted-gating"><div data-testid="account-deleted-gating-logo" id="logo" class="logo logo-primary" role="img" aria-label="Disney account" tabindex="0" style="background-image: url(/v4/asset/images/localized/disney-en-US.png);>Disney account</div></header><h2 class="title" id="Title" data-testid="Title" tabindex="0"><span role="text">Account Deactivated</span></h2><p class="text-block" id="TextBlock" data-testid="TextBlock">It looks like the account for <strong>gissela.chavez@hotmail.com</strong> has been deactivated. <p>Please contact <a target="\_blank" rel="noopener" href="https://support.espn.com/">ESPN Customer Care</a> if you believe this was in error or <a href="#" onclick="window.runWorkflow('LOGIN')">try another account</a>.</p></p></form>

Selector: #root > div:nth-child(3) > div > div > div:nth-child(1) > form
